| 2009 Medicare Part D Stand-Alone Prescription Drug Plans | | | | | |

Data as of September 18, 2008. Includes all contracts/plans regardless of 2009 approval status. Employer sponsored plans (800 series) are excluded.

Notes: Data are subject to change as contracts are being finalized. Gap coverage descriptions for the 2009 benefit year have been revised. The percentage of "Generic" products and the percentage of "Brand" products covered in the gap are each separately calculated and the following descriptions are added: "All": 100% of drugs are covered through the gap, "Many": ≥65% to <100% of drugs are covered through the gap, "Some": ≥10% to <65 % of drugs are covered through the gap, "Few": >0% to <10% of drugs are covered through the gap (and must also be >15 products covered through the gap), "No Gap Coverage": 0% of drugs are covered through the gap (or ≤15 products covered through the gap). A label of "All Formulary Drugs" is applied for plans that cover 100% of "Generic" and 100% of "Brand" products (either by covering all drug products in the gap or by having no initial coverage limit).
